

over the road and I'm afraid when Senator Swigart asked the question it was misunderstood.

SENATOR BARNETT: Well I...without referring right to the emergency section, and you might know where that is.

SENATOR DUIS: No, I was just bewildered by the answer.

SENATOR BARNETT: I wouldn't think that they would use the emergency vehicle without some kind of headlight on it anyway, even in the day time. I'm sure that if they needed to use the vehicle, as an emergency they would use it, and I'm sure that law enforcement officials would possible adhere to it. Because the law enforcement uses these vehicles in an emergency now.

SENATOR DUIS: Well having been caught in a great emergency right here on the edge of Lincoln several years ago when there were hundreds stranded outside here, I know that there were snow mobiles operating operating out there without the benefits of headlights. PRESIDENT: Senator Marvel, Senator George.

SENATOR GEORGE: Mr. President, I have a question of Senator Barnett. The amount of the A bill being just between two and three thousand dollars, is the A bill necessary?

SENATOR BARNETT: I was going to ask Senator Savage a question on this too since he sits on the Appropriations Committee, John I think they will take in more money than that \$2,300. Yes, now what happens if they need that money for snow mobile
